

The City and Vicinity.

We hope March will behave itself.

SULLIVAN has a case of small-pox.

CHARLES is organizing a coal company.

PARKE COUNTY has one hundred colored voters.

THE season for bass fishing draws near.

THE Gazette thinks a skating rink as good as a Sunday school!

THE City Marshal is now strictly enforcing the ordinance against hog running at large.

DON'T MIX IT.—Some of the maple syrup sold in this city is mixed with sorghum.

LION-LIKE came in blunderly old March yesterday; and lamb-like he is to go out according to the old maxim. Consent.

THE Board of County Commissioners meet next Monday in regular quarterly session.

MR. COLLETT, President of the Danville road has purchased in England, the iron for the entire road.

COTTON.—Thus far during the present season, the E. C. R. R. has transported 30,000 bales of cotton.

WILE, the Sullivan county horse thief, it is said, has added forger to his other crimes, having forged his father's name to sundry notes, to the amount of \$1,400.

THE Brazil furnaces are negotiating for forty thousand tons of iron ore, to be shipped via Michigan City.

THE CROAKERS are already at work killing the fruit. This is just about the time for the fruit croakers to come to the surface.

THE paper mill at this point has been built on paper. We have seen the drawings, which show that if erected, it will be second to none in the West.

THE Postmaster General has established a Postoffice at Keokuk, Iowa, on the line of the T. H. & J. R. R., and has appointed Daniel H. Davis Postmaster.

SIXES "To Ren" may occasionally be seen upon dwelling houses in this city but they are generally upon houses on which the rent is fixed exorbitantly high.

NEW ESTABLISHMENT.—Mr. J. W. Mand, No. 9, has established a manufactory of wood and willow ware, to which he calls attention in an advertisement this morning.

REV. W. T. MALONE, the colored delegate from the county of Floyd, who was made one of the Vice Presidents at the Republican State Convention, is a son of Samuel Malone, of this county.

THE advance in property along the line of the Indianapolis and Vincennes Railroad since its completion, it is said, would build three such thoroughfares—a good argument for railroads.

ENTERPRISE.—The Indianapolis Journal and the Terre Haute Express were the only papers in this State that published Senator Morton's speech the next morning after its delivery.

CAPT. D. C. STEVENSON is making arrangements to return to the Bannin House, which has been thoroughly repaired and furnished with new furniture in keeping with a first class hotel.

THE Republican Convention for the nomination of a candidate for Congress in this district will be held in this city on Wednesday, June 15th, instead of the 15th as printed in yesterday's paper.

LAST EVENING, in the P. O. lobby, a little boy while walking backward fell over a big dog, whereupon big dog barked the boy on the arm, and there was a "sen. sation in the lobby."

INDICTED FOR KIDNAPING.—Indictments were found by the Grand Jury, at the recent term of the Parke Circuit Court, against Crows, Hayward and Dundon, of this city, for kidnaping H. C. Bristol, of Rockville. We understand these parties have been placed under bonds for their appearance at the next term of the Circuit Court.

THOSE RECENTS.—We hear a report that officers are going through the country examining receipt books, bills, etc. to see if the proper revenue stamp is attached. If not, a fine is imposed upon the holder of the paper, who, perhaps through neglect, has omitted to have the paper stamped. Business men would do well, therefore, to examine their papers, in order that they may not get into trouble.

CANNEL COAL.—We learn that a vein of cannel, or candle coal, more correctly speaking, has been discovered in Fairbanks township, Sullivan county. The discovery was made by an old miner.—The point where the discovery was made is about three miles from Shelbyton, and the property belongs to Meredith & Keller, of this city, and to other party.—The mining of this coal will commence this spring. We understand that Prof. Geo. L. Geologist, will visit this region shortly and give it an exploration. The coal mines of Sullivan county may yet prove to be more valuable than those of Clay county.

SAVINGS BANK.—About three hundred depositors' names are now on the books of the Terre Haute Savings Bank. The money thus far deposited has all been to us on unquestionable security and the daily deposits are steadily increasing. As the people more fully understand the positive security of this bank, they have more and more confidence in it. It is eminently the people's bank, organized for their benefit, and maintained for their convenience. We look for its growth to no distant day, when it will have the longest general line of permanent deposits, of any banking institution in the city. And why should it not have? The deposits are certainly as well secured, and the profits to those depositing their money there, must certainly be greater than at any other bank. All the expenses of the bank are conducted on the most economical plan, and the gentlemanly, having charge of the same, represent an aggregate of about near one million dollars. It is perhaps unnecessary for us further to recommend this institution to public favor, for the increasing patronage already flows, how rapidly it is gaining in public confidence.

MAPLE SYRUP.—White & Briggs, corner of Fourth and Cherry streets, placed on "four table" last evening a splendid sample of forty gallons of maple molasses they have just got in from the country.

LACERTY.—James Treason and Thos. Callahan were arrested yesterday on charge of stealing a lot of stonemasons tools. Treason was sent to jail in default of bail in the sum of \$200, and Callahan will have a hearing this morning.

THE Brazil Miner, speaking of the revival in progress throughout the State, is "sorry to say that Brazil, where a revival of religion is needed more than any place we know of, has evidently been 'given over to the bad.'"

THE Terre Haute Horticultural Society, will hold their regular monthly meeting next Thursday afternoon, March 30, at the residence of Corey's Hardware Store. The President will deliver his annual address to the Society. All members and those wishing to become members are invited. J. G. HEINZ, Sec'y.

SMALL ROBBERY.—Sometime during Friday night Briscoe's grocery store, on Ohio street, was entered by one of our rear cellar grating, and some five or six dollars taken from the money drawer. Nothing else was taken. Print points about the premises indicate that the thief is the possessor of a small foot and wears a very fine boot.

THE TERRIFIED SNAKE.—A learned gentleman stated that the petrification, known as a petrified snake, is simply petrified mud, which has hardened in the carboniferous ages, and is closely allied to the Fern plant. Geologists call it *Sphenophoria*.—*Evansville Journal*.

THIS is the "snake" or "sea serpent" that was found in the coal mine in Sullivan county.

SOME COAL.—The Indianapolis Journal says that Prof. Cox, in his last trip (made a few days ago), found a splendid vein of black coal in Clay county, near the town of Carbon, and on the line of the new Indianapolis and St. Louis Railway. He is confident that there is enough coal in Clay county to supply the country, estimating the amount of coal in Clay county at upwards of 5,000,000,000 tons!

CORNE.—The pain occasioned by corns it is said is greatly alleviated by the following preparation: Into a once phial add a druggist to put two drachms of muriatic acid, and six drachms of rose water. With this mixture wet the corn night and morning for three days. Soak the feet every evening in warm water without soap. Put one-third of the acid into the water, and with a little picking, the corn will be dislodged.

MARRIAGE LICENSES were issued last week by the County Clerk to the following parties: To John A. Ellison and Sarah A. Hewitt. John Snyder and Georgiana Ross. Albert Jacob and Lydia A. Snyder. Jack W. Bowman and Fannie Stryker. Jack Fry and Anna Rhodes. Wm. B. March and Leona A. Ashbury. Daniel Easty and Sarah A. Lachelle. Valentine Morgan and A. E. Truelwood. A. P. Laidon and Nancy T. Boskirk.

COLORADO VOTERS.—Samuel Malone is now engaged in taking a enumeration of the colored voters in this county, and hands us the following as the result in the township named:

Lost Creek 55
Ostrum 48
Nevins 13
Linton and Honey Creek 27

There are seven townships, including Harrison, to hear from.

HARRY REAR.—On Monday evening David Daniels and Julia Stewart, a pair of colored people, were brought before Mayor Cookerly on charge of fornication. The testimony was of such a character as to cause some trouble to convict the parties, and the Mayor suggested that they get out of the trouble by marriage. The woman was not very partial to the arrangement, but her objections were finally overcome, a license was procured, and without leaving the court room, the twain were made one flesh. Then hand in hand they went out to travel down the journey of life.

ATTACHMENTS TO NEWSPAPERS.—The strong attachment of subscribers to a well conducted newspaper, as given in the following paragraph from the New York Journal of Commerce, is fully confirmed by veteran publishers: Our experience in publishing bears witness to its truthfulness. "Stop your paper," words of dread to new beginners in the business, lose their force after a term of years. So long as a paper pursues a just, honorable, and judicious course, meeting the wants of its customers in all or most respects, the ties of friendship between the subscribers and the paper are as hard to break by any outside third party as the links which bind old friends in business or social life. Occasional defects and errors, if such there be, in a newspaper, are overlooked by those who have become attached to it through its long career of usefulness and its sometimes becoming disinterested with it on account of something which has slipped into its columns, and may stop taking it, but the absence of the familiar sheet at their home or office for a few days becomes an insupportable deprivation, and they hasten to take it again, and possibly apologize for having stopped it. This we believe to be a common experience in the history of all well conducted newspapers. No friendship on earth is more constant than that contracted by the readers for a journal which makes an honest and earnest effort to merit his continued support.

WEDNESDAY.—Today is Ash Wednesday, the first day of Lent. The beginning of the fast of Lent, and the beginning of the Catholic and Episcopal faith in commemoration of the forty days' fast in the wilderness. The name arose from the ancient custom of sprinkling the head with ashes, which is still observed in a modified form in Roman Catholic countries. The following, which we clip from an exchange, has been published in our columns, and we are glad to see it in the hands of the people. It is a beautiful and solemn prayer, and we believe it will be read by many a soul in the hour of temptation and trial. It is a beautiful and solemn prayer, and we believe it will be read by many a soul in the hour of temptation and trial. It is a beautiful and solemn prayer, and we believe it will be read by many a soul in the hour of temptation and trial.

THE SUNDAY SCHOOL.—The Sunday school of the Methodist Episcopal Church, of this city, will hold its annual conference on Sunday, March 14th, at 10 o'clock. The conference will be held at the residence of the pastor, Mr. J. W. Mand, No. 9, on the corner of Fourth and Cherry streets. The conference will be held at the residence of the pastor, Mr. J. W. Mand, No. 9, on the corner of Fourth and Cherry streets. The conference will be held at the residence of the pastor, Mr. J. W. Mand, No. 9, on the corner of Fourth and Cherry streets.

THE STEVENS CASE.—Stevens was brought into the Criminal Court on Saturday and the trial was postponed till next month, but it is not expected to take place till in May.

An arrangement had been made by which Stevens was to plead guilty and be sent to the penitentiary for life, and if this had been carried out Stevens would to-day have been on his road to Jeffersonville. The Journal of Saturday excepted to the action of the Commissioners in the matter. The facts are these: Stevens was indicted for murder. The County Board conceived that the Prosecuting Attorney was not competent to manage the case, and employed Col. Thompson to prosecute Stevens, which he did ably, and secured a conviction, with the death penalty. This judgment was reversed by the Supreme Court, and very many persons in the community now believe that a second trial will only result in a sentence of imprisonment for life, while a great many other citizens are entirely opposed to capital punishment. Under these circumstances the County Commissioners, who believed in the best interests of the county, instructed their attorney, as they had a right to, to let a plea of guilty be entered of murder in the second degree and upon which Stevens would, without any more cost to the county, be sent for life. It was with great difficulty, we understand, that Stevens could be induced to do this, but he finally agreed to it, under protest, and the Prosecuting Attorney, conceiving that he could hang Stevens, refused to let the arrangement be carried out. Another trial, including the keeping of Stevens, will cost the county a thousand dollars, with very strong probabilities that the result will be the same as proposed in the arrangement, with a chance that he may be acquitted. We think the Commissioners acted for the good of the county and believe our readers will agree with us.
